

48th City Council District

Igor Oberman (D)

Hi, I'm Igor Oberman, and I'm running for City Council. For over 20 years, I've been an active and outspoken resident, Judge, and community leader here in Southern Brooklyn. My parents and I immigrated to this country like so many of yours, in search of a better way of life for our children. My parents instilled in me the principles and ideals of the American Dream. But with that dream came certain responsibilities. You had to put in more than you received and you had to get involved in your community. I graduated from Abraham Lincoln High School and then became the first in my family to go to college. I have spent my life dedicated to doing all that I could to make our community better not just for my family, but for all of our families here in Southern Brooklyn. Whether it's presiding as a Judge in our City's Administrative Court, teaching courses in our city colleges, or working with our Borough President, Marty Markowitz, I have been there, listening to our neighbors and getting results. It would be an honor and a privilege to have your support on Election Day. Thank You.
