

50th City Council District

John Mancuso (D)

Hello, my name is John Mancuso... and I am the candidate for the 50th Council District located in the Mid-Island of Staten Island.

I am running for the NYC Council to preserve the beauty of Staten Island and enhance the quality of life of its residents.

From improving our schools to preserving our parks and making sure that the hardworking men and women of this borough can be proud to call it home.

With my background in Small Business, Youth Services, Non-Profits and uniformed Service I bring to the table a wealth of knowledge and experience that will allow me to be ready on day one.

As a former small business owner, I know well the daily struggles in operating a small business here in the City of New York.

AS a member of the Council I will advocate for business owners and help them to succeed and expand, creating new business and job opportunities for Staten Islanders.

We will obtain this by cutting bureaucratic red tape, unfair taxes and punitive fines.

Our city government needs to start investing in the education and wellbeing of children by ensuring that they are being educated not to take exams but for the betterment of their future.

Staten Islanders are faced with crumbling roads, lack of public transportation options, and unreasonable tolls.

It's time for the city of New York to look into taking control of the bridges connecting our boroughs so that we can control the tolls and ensure that those dollars are staying here in the city.

Our talented city workers should handle all maintenance on our roads, bridges, buildings and public spaces ensuring that instead of hiring overpaid contractors from outside of the city we keep those jobs here to improve our economy and the local job market.

As your next Council Member I will have a Common Sense Leadership mentality, open door policy and will look toward the community for insight and suggestions because together we can make Staten Island even greater then it is now.

Thank You and I look forward to your support.
